OAK HILL NURSERY

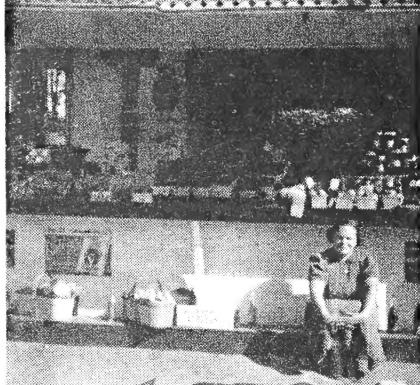

New Buffalo, Michigan

27th Year

OAK HILL NURSERY

Giant Mastodon EVERBEARING

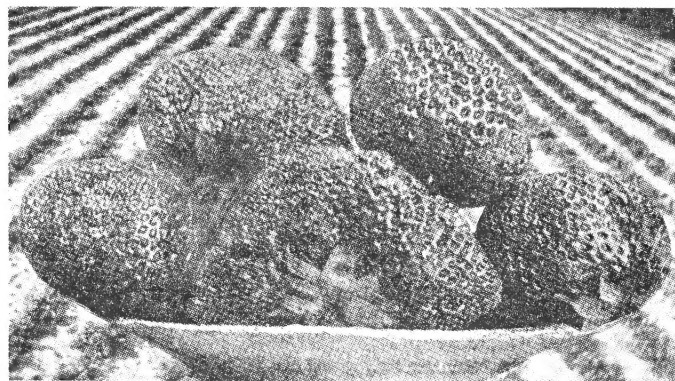

MASTODON, perhaps the most widely planted Everbearing variety. Nationally known and has stood all tests by commercial growers. A real fancy Everbearing that you will appreciate and admire. No practical grower can afford to overlook Mastodon Everbearing. Profitable crops have proved it a winner. A crop that you can depend on every year. An acre of Mastodon, 8,000 plants, will put more cash in your pockets than 25 acres of ordinary farming. A real opportunity for any farmer or market gardener to realize a daily income. The quickest profits from the least amount of ground. The Everbearing is a real money maker.

Fruit of the finest flavor, extremely large. The huge size of the berries is truly marvelous. Just like little apples.

Mastodon has a record of 5,520 quarts per acre. Sure an ideal berry. Easy to sell from its appearance alone. A fancy berry in the truest sense of the word. For a quick money crop, plant the Mastodon this spring, just as early as your ground can be worked. Earlier the better. After plants are set out keep off blossoms until July 1st. Then from July 15th you can pick great masses of ripe delicious Strawberries every day till snow flies.

Mastodon will bear another heavy crop in the spring of 1945. So why wait a whole year with the Junebearing when Mastodon will fill the bill? For best success with any Everbearing, do not let them all go to young plants. Fruit is what you want. Clip off some runners. Only let four new runner plants grow to the foot.

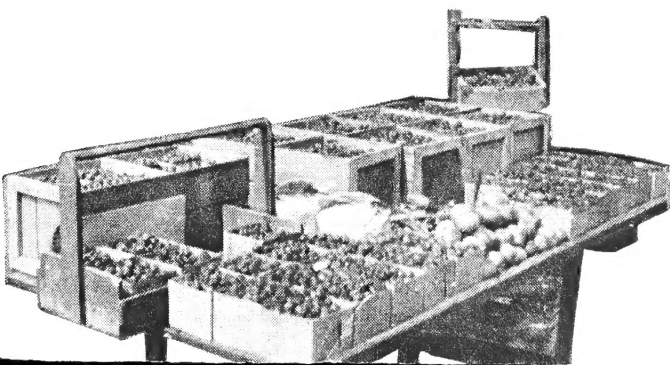

Strawberry and Raspberry plant situation is very serious this year all over the country. Hardly none to be had. Most nurseries will not even list Mastodon or limit them by the 100. We have a fine stand of berry plants, but had to work night and day to get them.

Our hardy northern grown plants are the best for all climates. We can assure you that you will start right with our extra large, certified new ground, fresh dug plants, hand cleaned and tied with red string. Make preparations right now.

So ORDER yours at ONCE. We were Sold out Early last year.

New Gem

EVERBEARING

Gem Everbearing has made a fine record for ten years. A moneymaker and a favorite Everbearing for commercial growers. Big profits from Gem. Two crops a year. Pick all summer and fall until snow flies. Ninety days from plants to profits. Three weeks from blossoms to berries. Fruits over 130 days. Why wait a whole year, when Gem will bear luscious fresh Strawberries for home or market this year? Truly a profitable investment. Gem is so easy to grow! Thrives in any soil, any place. Makes plants freely. The berries are large, smooth, firm and ripen a very sparkling scarlet-red all over. Produces enormous sweet and tasty berries that will just melt in your mouth. We list 5 varieties of Everbearing, each one possessing a supernatural power of its own. Each one is different. Don't be late. Order your share at once. GEM plants are tied with black string.

New Buffalo, Michigan

Minn. 1166 EVERBEARING

TALK about Miracles: HERE IS ONE: When the Minn. 1166 Everbearing start to fruit in July, 1944, you will have a variety that will truly arouse the envy of your friends. In the past five years the Minn. 1166 has outyielded both Mastodon and Gen. From July to November 18th, on a record patch of 1,200 plants, set in the spring, we made over \$500. Just stop and think. A quick cash crop this summer in less time than you could grow vegetables. The greatest money-maker of all, with the least ground and time. These sturdy plants will produce a Golden Harvest with an enormous crop of gigantic Strawberries. Summertime's most delicious fruit. After August there is no other berries but the Everbearing Strawberry. The later the season the heavier they bear.

At this writing, October 27th, we counted as high as 105 green berries on one plant, "a whole pint of strawberries."

The Everbearing is the hardiest Strawberry grown. So hardy that light frost will not hurt them. It takes several severe frosts to kill them for the season.

Every Farm or Suburban Home with a small city lot should have a Strawberry bed. If you have a good Victory garden you sure will want to grow some mighty fine delicious Strawberries. So have plenty for home use and extra for canning. Plant at least 100 plants for a family. After the plants are set out keep off the buds until July. Only let enough runners set to make 4 to 6 new plants to the foot. Cut off the rest. You will get more and larger Strawberries. Berries will be Rich, Solid Double Dark Red. No green tips or spots. Ripens evenly. Berries are very easy to hull. Giant size at all times of the season. Flavor is excitingly rich and tempting. Honeysweet when dead ripe. You could not ask for more. We have the largest supply of Minnesota 1166 Everbearing plants. We supply other Nurseries. Plants are in big demand this year as every Strawberry grower

and Nursery wants to plant heavy because of its outstanding performance. You can not go wrong with our vigorous well rooted superior Northern grown plants. This will mean a lot to you at fruiting time in July.

A SPECIAL INVITATION to all growers. Fruit is Food. FOOD FOR FREEDOM as America is the Bread Basket of the World. So ORDER your SHARE of PLANTS AT ONCE. Sold out so early last year. Plants will be tied with Blue String.

\$1.00	\$1.50	\$2.75	\$5.00	\$14.00	\$22.50

New Streamliner

AT LAST an Ideal Everbearing. Just like we always wanted. A strawberry that would be larger than the Mastodon. Now we get it. The World's Largest Strawberry that is as round as a ball and the sweetest of all. Here is something to cheer about. Plants are so sturdy that you will not have to pick the blossoms off more than once. Quick bearing, only 30 days after your plants are set out. Two delicious crops of Strawberries, Summer and Fall first year; Spring, Summer and Fall the second year.

This may sound like a Gold-Mine in the Sky, but this time it is on the ground. A double crop Strawberry. We think the New Streamliner is the World's Finest Everbearing.

Nature at its very best. The New Streamliner has the size, Berries weighing as much as $\frac{3}{4}$ of an ounce. Double Red right to the core. Almost black when dead ripe. Has a new tangy sweetness that requires less sugar. Each of these huge berries is a lump of pure natural Fruit-Honey. Ripens evenly all over. No green tips or spots. Berries color up more brilliantly in late Fall. Frost Proof. No more crop failures when you have the Streamliner. Not a heavy plant maker, but just right for heavy fruiting. Vines simply loaded with a super-strain Strawberry. Foliage dark green

which looks entirely different from other varieties.

It's a pleasure and profit to have a real Everbearing like the Streamliner. You will be proud of it. When your friends see these beautiful JUMBO-SIZE Berries. They will sure want plants in another year. So be the first in your locality to grow them.

We cannot too strongly urge you to plant Everbearing Strawberries this year. They give you fruit the first year planted, all you can eat. Can what you cannot eat. With all the rationing I think we will have to get right down to earth and grow our own. Due to our own commercial planting and other Nurseries stocking up on this wonderful new variety the demand for plants will be heavy. One Nurseryman offered us \$100 per 1,000 if we would sell him all our plants this year. Prices are a little higher than other Everbearings, but the Streamliner is worth it. Truly a Magic Everbearing. It's a Dandy. You can take my word for this. ALL PLANTS ARE VERY SCARCE THIS YEAR, SO DON'T MISS OUT ON THE STREAMLINER EVERBEARING. Plants will be tied with GREEN string.

BRUNES MARVEL EVERBEARING

This New Everbearing was originated by Mr. Bruner from Minnesota. We only tested it one season. Claimed to be less Acid, Sweeter, Earlier, makes more runners and large as the Gem or Wayzata. Berries ripen even and all through the berry. No core, long stems and easy to hull. Firm. Fine berry for dry weather as the roots go down so deep. Very hardy for the North. Destined to replace the once famous Wayzata or Bush Everbearing which we have discontinued because it is running out. All plants, no fruit. New varieties give exceptionally heavy yields. They just step out ahead of others. Plants limited.

A Field of Chee Grass

ROSE SHRUB

Half shrub, half rose. This double Scarlet Wonder is covered all summer with large clusters of brilliant deep red roses. Grows 3-4 feet tall. Makes a beautiful hedge

that never dies, as this new hybrid is the hardest and most dependable all around satisfactory red rose that you can plant. Will bloom this year from June until frost. It is a garden sensation.

50c Each

3 for \$1.35

CHEE FORAGE GRASS

New Chee Forage Grass introduced by the South Dakota State College. Brought to the United States from the driest spots of Siberia. It makes excellent hay and can be cut two or three times a season. It is a perennial and will last for years and spread like wildfire from roots. With us, it stayed green all winter. Starts very early in the spring and grows fast. Grows from clump plants only. No seed. Plant in rows 24 inches apart with rows 36 inches apart. You soon will have a solid field. If no longer wanted can be readily plowed under. Grows anywhere. Defies drought or wet weather. I am a great BOOSTER for CHEE GRASS. Try it.

GIANT FLOWERING DAHLIAS

BEACON LIGHT. A succession of monstrous size flowers from early until late. Size 10 inches. Long stems. Bright scarlet, reverse buff with two-toned effect. Looks like a giant red from the distance. One of the most extraordinary varieties in cultivation, flowering early and continuously until frost. Do not fail to grow Dahlias this year.

WM. H. HOGAN. The best red and white striped Dahlia that we ever saw. If you like an odd as well as a beautiful Dahlia here is one that will be hard to beat. Each bloom is a bouquet. About 10 inches.

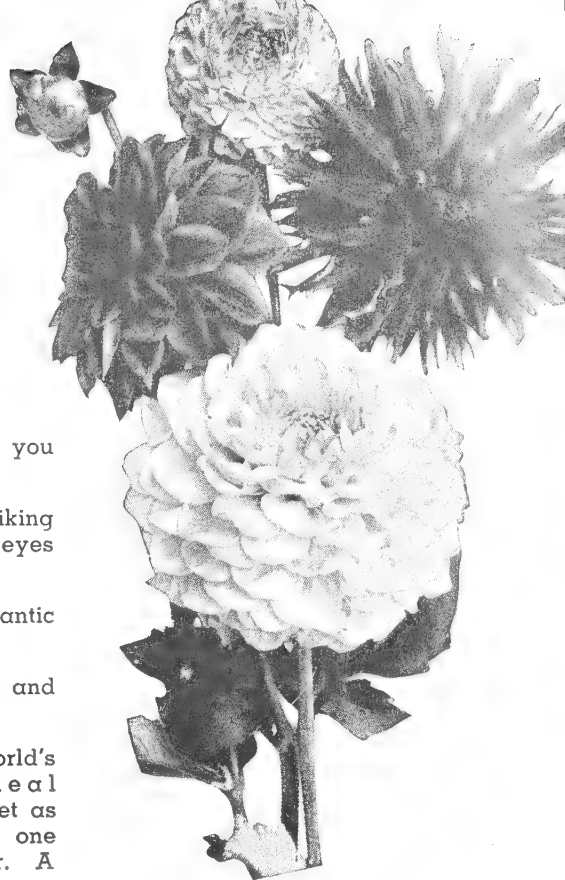

REDHEAD. Very dwarf. Grows in mound or cushion form about 18 inches. Large bright fiery red blooms and many at a time. Plants solid red with blooms. Foliage like a tomato. Very odd and different. One you must have.

PURPLE BEAUTY. If you want huge flowers and an extraordinary striking beauty, then this is it. Show this one to your friends and see their eyes light up and say, "Gee Whizz," that's a dandy.

RED GIANT. A brilliant red beauty. Very outstanding and has many gigantic 8-10-inch blooms. **SUPERFINE.** Do not miss it.

SILVER SHEEN. A beautiful lavender with perfect flowers. Heavy bloomer and real giant in size. None finer. A garden treasure to own. Try it.

KING OF BLACKS. A real bloomer; one that is always in bloom. A World's Fair Dahlia. Real extra dark velvet as near black as one would wish for. A dandy.

SNOWDRIFT. A white wonder Dahlia. The largest and finest white Dahlia grown.

SUPER GIANT DAHLIA. Every bit of it. World's largest bright golden yellow bloomer. Your neighbor will envy you with this giant in your garden.

35c Each. Any 3 for \$1.00, One Tuber FREE TO TRY OUT. ONE OF EACH, 10 IN ALL, ONLY \$3.00

DON'T condemn a small tuber. They make the largest flowers. Large tubers no good. Cut off two-thirds of it. Plant will feed on tuber instead of making its own roots.

DON'T plant too early. Lay tuber flat, 6 inches deep. Cover with 2 inches of earth, filling in as plant develops. Stake plants.

For cut worms—One moth ball one inch away from each plant will repel them or use wood ashes.

MIXED DAHLIAS

Dahlias are the easiest and most popular summer and autumn flower grown. Our mixed color Dahlias are a wonderful combination of tints and colors. They are simply gorgeous. You must see them to fully appreciate them. We grow a lot of Dahlias for our flower trade. This is a miracle value, our price is so unbelievably low.

NEW SUPER GIANT 9-EAR CORN

This is a new 100-day White Flint Field Corn that is rare and grows to a giant height. A better sight cannot be imagined than walking with your friends through a forest of corn stalks 15 to 20 feet high. Some of the ears were 10 feet from the ground. Had to use a ladder to get them. World's tallest Corn. You must grow this giant Corn to believe it. It is unusual to see three ears to a stalk on common corn. But four, five, six, seven, eight and nine ears to a single stalk is a miracle. Not only that, but you also get the Super Giant height. A real robust grower with four different sets of roots.

One of the greatest Silo or Ensilage corns in the World. Leaves broad, long and wide. Leafy clear to the ground. Five times more fodder than ordinary corn.

Also a splendid exhibition variety. Be the first to grow it for your next fair. Plant one kernel in a hill. Sorry we sold out so early last year. The demand will again be great this spring for our new Super Giant 9-Ear Corn. So order early.

We Must Grow More In 1944

1944

ANOTHER YEAR and one DAY nearer to VICTORY. Every day in 1944 will be very important, full of strange and confusing events, exciting days. Each day must be fitted together like a jig-saw puzzle, and it will make a BANNER YEAR.

With prices advancing by leaps and bounds, due to the labor shortage, wet growing season and with conditions in general, the plant and seed situation is very serious this year. Fruit trees are very scarce and just about off the market. None to be had. So bear with us this spring. The demand will again be heavy. We will get the orders out. We did it before, so we can do it again. SO LET THE ORDERS ROLL EARLY THIS YEAR TO OAK HILL. It will help us a lot to send your order as soon as you get this catalog. Especially SEEDS. With all the Victory Gardens and the rationing there is less and less vegetables and fruits on the market. So we will have to even grow more in 1944. We can always SAVE you some MONEY, because we do not have a fancy colored catalog or advertise at \$1.50 a word as so many do. Our customers do our advertising. One tells another and THANKS to you that do. We do have good Nursery Stock. Grow our own with prices reason-

able. Our NURSERY is as near to you as your MAIL BOX. BUY BY MAIL—You will save Dollars and Dimes, Gas, Tires and Time. Each and every order shall have personal attention.

Yours very truly,

EDW. L. LUBKE.

WAR CLAUSE. All agreements and sales are subject to war priorities on stock, material, transportation and loss of stock or crop by frost or unavoidable causes. We reserve the right to limit quantities, due to any causes arising from war conditions. All sales subject to any taxes now in effect or which may become effective by acts of Congress. We will in no case be liable for any greater sum than the amount paid us for any order sent us. All stock is guaranteed to be certified by our State. SAVE our CATALOG for next year. WHO KNOWS. Paper is very scarce. Be patriotic, share this catalog with your friends and neighbors. Let's all grow more.

PRODUCE—CONSERVE—SHARE AND PLAY SQUARE for a GOLDEN HARVEST in 1944.

References: First National Bank of Michigan City, Indiana, Dunn and Bradstreet, Chicago, Ill.

WONDERBLOOM

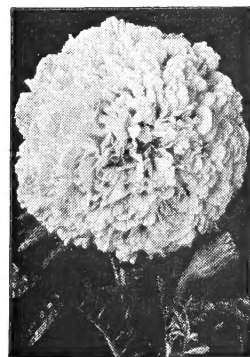

World's largest bloom. Grows from 5 to 9 feet high. Every branch a long plumy head of the most brilliant fiery red blooms. Leaves and stalks and entire plant is red. Easily grown. One seed will grow a plant as shown in photograph, which was 8 feet and 7 inches high. "Gorgeous" is what you will say when you see WONDERBLOOM in full bloom from July until winter, first year from seed.

EVERBLOOMING CHRYSANTHEMUM

DEAN KAY. Brand new. New style in flowers. Clear true pink. Nearly double. Super-hardy. Grows more enchanting year by year. First blooms come as early as June and bloom until severe frost. Dean Kay will dominate your garden as a summer jewel for 5 full months.

25c Each

LITTLE BOB. A new bronze-red, low-growing Chrysanthemum from England. Flowers 100 per cent double. A perfect mound 24 inches in diameter of solid bloom in early fall. Perfectly hardy anywhere. It's new. It's beautiful. You will adore these gorgeous flowers.

25c Each

RED CUSHION. Here is the most amazing new 'Mum ever introduced. The Red Mystery. The first early dark red Chrysanthemum. Truly a wonderful sight, a dazzling mound larger than a bushel basket the first year. Thousands of blooms. Plant Red Cushion for new charm and beauty. A new novelty, but a good one. Most unusual and different.

25c Each

BRONZE CUSHION. This beautiful bronze flower will lure you to your garden every morning. Otherwise it grows and looks the same as the other Cushion 'Mums.

25c Each

WHITE CUSHION. Beautiful famous double white. Bushels of blooms. Rare and lovely. Plants multiply and spread larger each year. Solid mound literally covered with blooms the first year.

25c Each

PINK CUSHION. This grand Chrysanthemum should be in every garden. A riot of color for 5 months. Each plant a solid mound of thousands of blooms. Each plant a flower garden. A real dwarf Everblooming cushion 'Mum. Resembles the gorgeous Azalea. Real hardy and so easy to grow. The CUSHION CHRYSANTHEMUM will be a real sensation in your garden. It is astonishing the tremendous number of blooms each plant produces. Glories of the garden. Every one will ask where you got them. Do not go another year without them, as our prices are so reasonable. Some nurseries will ask \$1.00 alone for Little Bob and Dean Kay. Complete color range of the most spectacular 'Mums—one of each can be in your garden this year on parade—

NEW WONDER MUM

A new plant of many wonders. A riot of colors all rolled up in one plant. Yellow, Bronze and bright Red. Each plant is a flower garden. Beloved by all who see it. Most sensational Mum creation of our times. Ideal for rock garden or as a house plant. Take up before frost and it will bloom until New Year's. Seek no more, as there is none better. This new Chrysanthemum has several characteristics that make it outstanding from all others. Ideal for cutting. Extra hardy. Thrives on any soil. Long stems. Full double and large flowers. Blooms extra early and of a better form. Free and extra heavy bloomer. Sturdy. Dwarf, perfect cushion type. Forms low mounds. Elegant for your hedge. A prizewinner as a show plant.

The color is a rare combination. First buds Yellow, then Bronze and later blooms are bright RED. For real beauty and cheer your garden will not be complete without this lovely WONDER MUM. It is so easy to grow. Every plant we send you will bloom this year and grow to a full cushion size. A grand sight with hundreds of blooms, almost unbelievable, for the very first season. The most talked about MUM. Plants are limited and in great demand for home trade to those who saw them last summer and fall. So order EARLY. Don't wait and be too late. Other nurseries may ask \$1.00 for this New Chrysanthemum. BUT WE DON'T.
